

In accordance with the Surplus Property Disposition Policy of the Flathead County Water District #1 - Evergreen, the District's Board has adopted Resolution 2024-20, Declaring Two Generator Sets as Surplus Property, which authorizes the General Manager to sell two separate surplus generator equipment sets pursuant to a competitive bid process.

The generator sets, one from Lift Station Two, a 1993 Generac, 36 KW, 3 Phase 208 Volt with 647 Run Time hours. The engine, a Chevrolet V8, runs on natural gas. Model 93A02799S. The transfer switch is made by Caterpillar.

The second generator from Lift Station 15, a 1993 Generac, 36 KW, 3 Phase 480 Volt with 608 Run Time hours. The engine, a Chevrolet V8, runs on natural gas. Model 93A02800S. The transfer switch is made by Generac.

Each generator set includes service records, a steel housing enclosure, and a transfer switch.

Vendors have valued generator sets at \$3,000.00 to \$ \$6,000.00 dollars per set. The District has set the minimum bid for each generator set at \$3,000.00. Each set will be sold to the high bidder meeting the minimum bid AS IS WITH NO WARRANTIES OR REPRESENTATIONS. Payment is cash or acceptable cashier's check. The successful bidder(s) will be given 3 business days after bid opening to pay for and pick-up the generator package(s). The District is willing to load the equipment on a trailer that must be provided by the successful bidder.

Information on the generators can be found on the District website:  
[www.evergreenwaterdistrict.com](http://www.evergreenwaterdistrict.com), or the District's Facebook page.

Bid release: 09/01/2024

Bid opening: 09/16/2024, 1:00 pm
